Rooted in Partnership

Van Belle Nursery Spring “All Systems Go” spring kick-off

At Van Belle Youngplants, we believe great partnerships are built on trust and shared success. To earn your trust, we’ll work hard to deliver exceptional quality inputs, expert service and innovative solutions that improve your bottom line—every time.

It’s why we focus on much more than rooting premium quality young plant inputs. We’re growers too, so we understand the unique challenges you face. We’ve engineered exciting innovations like

RocketLiners® that boost performance and finishing times, and our new Buyer’s Portal which gives you greater control over your orders. With dedicated account managers working alongside experienced growers, you get access to the support you need, when you need it.

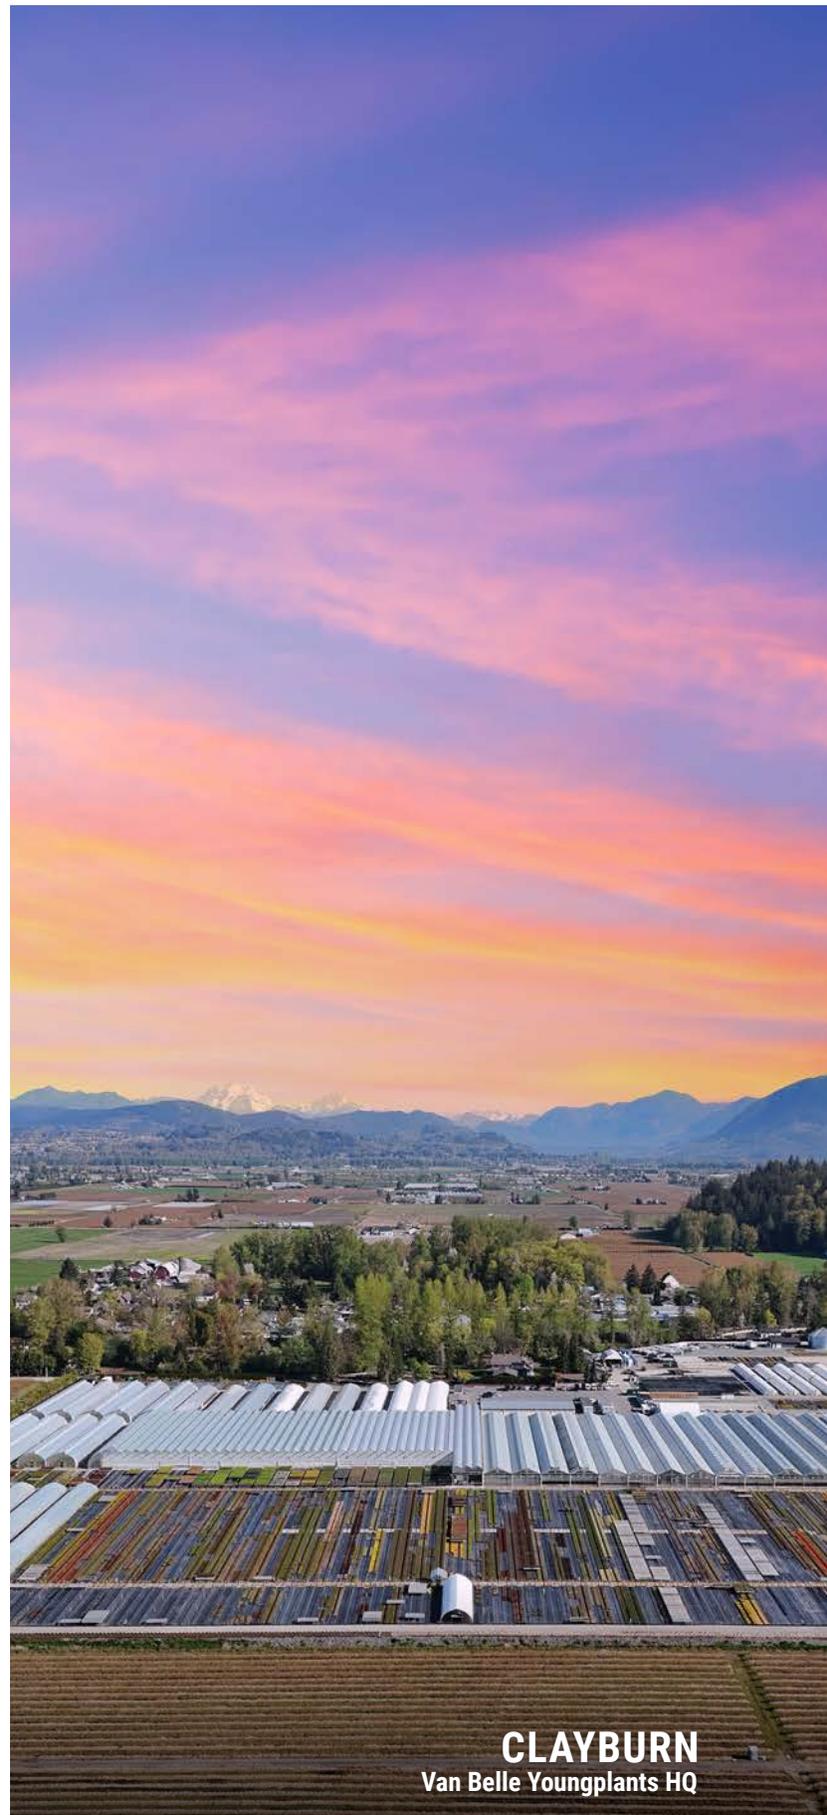

We’re committed to earning your trust, season after season, with exceptional young plants and remarkable service. Your success is our success—we’ll never take our partnership for granted!

Your 3-Point Grower Success Plan

As a grower, you need a reliable, cost-effective way to produce high-quality plants—without wasted time, space, or resources. The right inputs, streamlined processes and grower support can make all the difference.

1

START WITH HIGH-PERFORMING INPUTS

JetPack™

JetPack™ Liners (257cc, 2.5 inch) – Ideal for 1-gallon retail programs and growers in Southern or West Coast regions.

RocketLiners®

RocketLiners® (600cc, jumbo plug) – Transplants directly into 2, 3, or 5-gallon containers to finish in a single season.

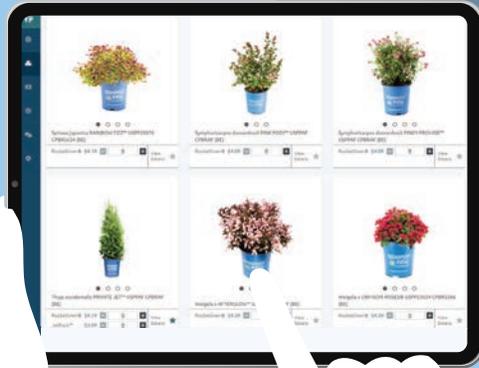

*These finishing times are dependent on many factors including (but not limited to) variety/genus, soil/media, climate temperatures, time of the year and available water for the plants.

2 POTLESS SHIPPING

3 GROWER SUPPORT

FloGo®

Save on Labor Costs

Plugs arrive pot-less so transplanting is faster with fewer people.

Reduce Freight Expenses

FloGo® fits 1500 RocketLiners® and 3200 JetPacks™ per pallet, optimizing your shipping costs per plant.

YP Portal

Our team is here to help you succeed with technical expertise and ongoing support—ensuring you get the best results from every plant you grow.

Whether its logistics, invoicing or grower support, you can send us your questions through the YP Portal.

Streamlining Your Order Management Experience

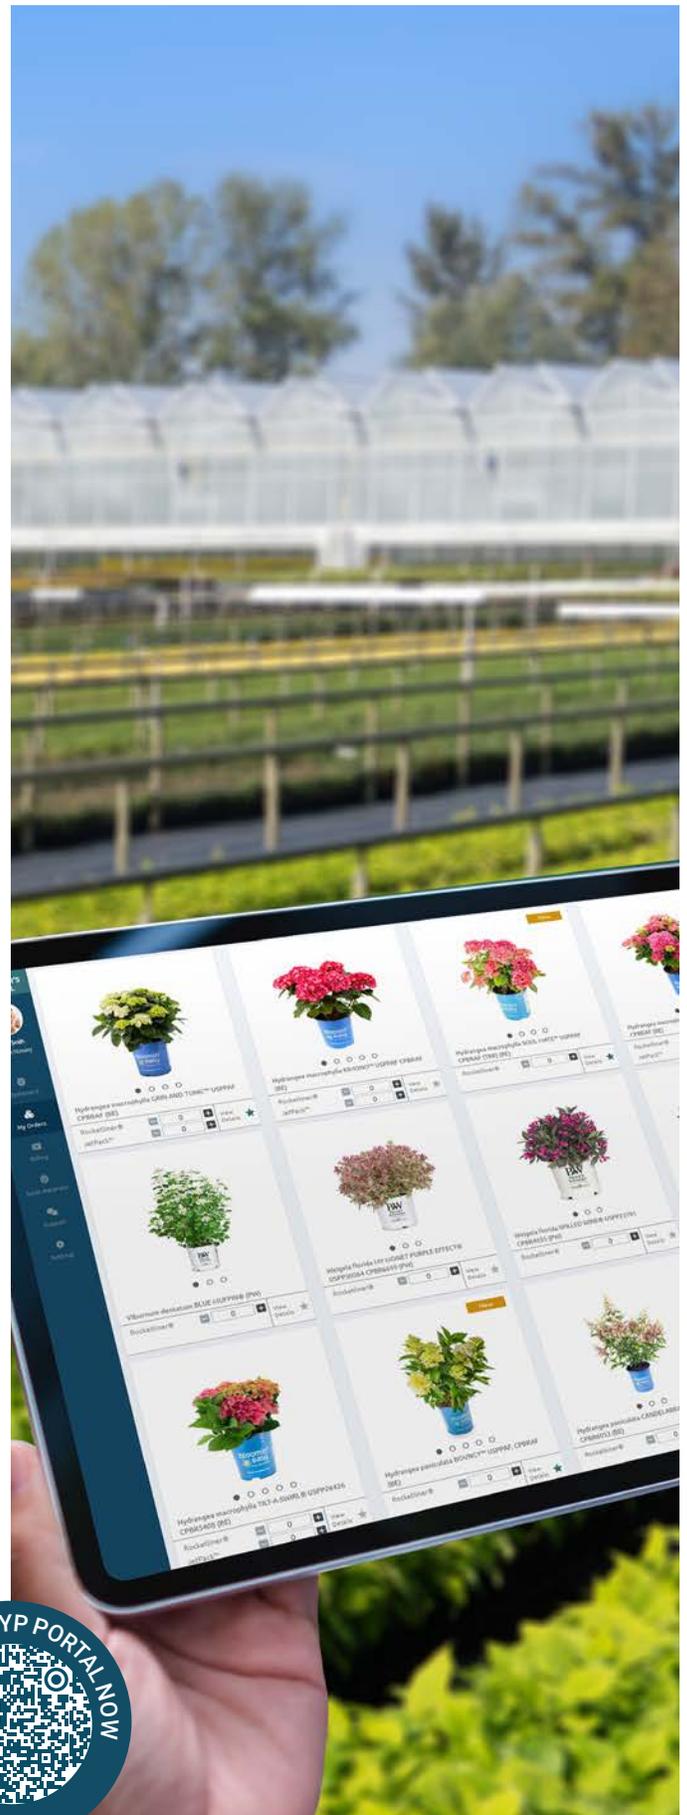

Managing your orders should be simple, so we created the Youngplants Buyer's Portal—your all-in-one hub for a seamless ordering experience.

The portal gives you instant access to everything you need, all in one place:

- ✓ Easy ordering & tracking – Place orders and check shipment status effortlessly.
- ✓ Instant updates – Update your details without delays.
- ✓ Quick access to invoices & support materials – No searching, no hassle.
- ✓ Grower chat & FAQs – Get answers fast with direct support.
- ✓ Digital catalogs – Browse our latest offerings anytime.

The Youngplants Buyer's Portal enhances the dedicated support you already receive from your Account Manager—giving you quick access to what you need, so you can stay focused on growing your business.

Join the many growers simplifying their ordering process with the Youngplants Buyer's Portal.

bloomin' easy[®]
PLANT, WATER, RELAX.[®]

The Plant Brand for Young Homeowners

Bloomin' Easy is on a mission

to make gardening easier and more inviting for young homeowners. This targeted consumer group represents a growing majority of consumers that desire the value of a beautifully landscaped outdoor space, but fear failure and lack the experience or confidence to 'jump in'.

Bloomin' Easy meets young homeowners where they're at with relevant messaging, easy to use care support tools and exceptional low-maintenance varieties selected from top-tier breeding programs around the world.

Making it Easy for Young Homeowners to succeed

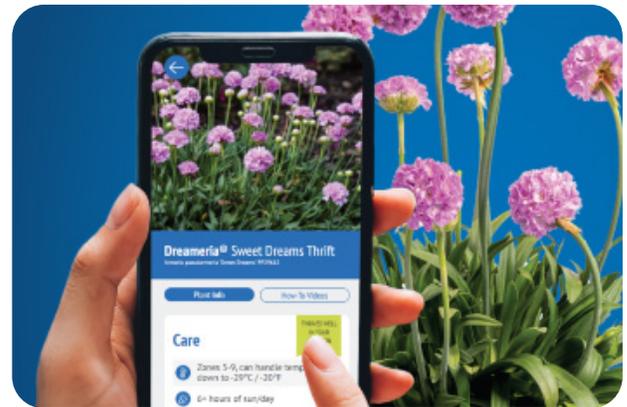

Care Reminders

We help young homeowners grow successfully with free care reminders and how-to videos—just scan the tag!

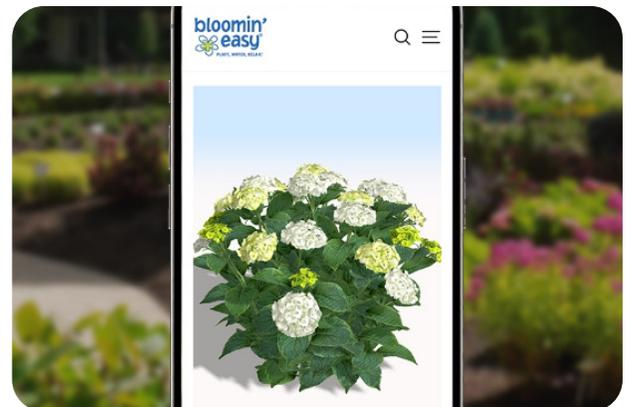

Bloomin' Easy Care+ App

We bring added value to customers' smartphones, helping them care for their plant collection effortlessly.

AI Greenthumb "Daisy Digs"

Daisy Digs, our AI greenthumb, helps young homeowners select plants and solve garden challenges.

Augmented Reality (AR)

Augmented reality lets consumers visualize Bloomin' Easy plants in their space, simplifying their choices.

SELL MORE WITH POP

Inspire them to 'Jump In' with attractive merchandise displays that reinforce the Bloomin' Easy message.

'Blue Moon'

- Full sun
- Zones 4 to 9
- 25ft tall x 5-10ft wide
- Vine
- Lilac-purple flowers in spring, may rebloom in summer

ORDERING FAQ

ORDER NOW

How can I receive a current availability?

Please email or call your account representative for availability with pricing. We can set you up to receive automatic availability updates on a schedule that works for you.

What does your pricing include?

Pricing includes boxing, all royalty and marketing fees, and any required tags for licensed plants, unless otherwise noted.

As a Youngplants customer, do I order any required pots and/or tags from Van Belle?

Yes—for Proven Winners® ColorChoice® and Bloomin' Easy®, you need to place your pot order with us at the time of ordering your plants. Picture tags are included at no additional charge and will ship with your order.

Can I order customized tags?

Outside of spring, Van Belle Finished Plants sells custom full-color tags for any non-branded, in-stock items. Contact your account manager for details.

How does the shipping process work?

We ship all products on pallets, and the cost of shipping is not included in the plant price. If we are able to include the shipping costs on your main plant order invoice, we will. Otherwise, shipping costs will be charged on a separate invoice after your plants have shipped.

Am I able to get payment terms?

If you are a first-time customer of Van Belle, your account representative will provide you with a credit application. Typically, first-time customers pay by check prior to delivery.

Can I tour your facility?

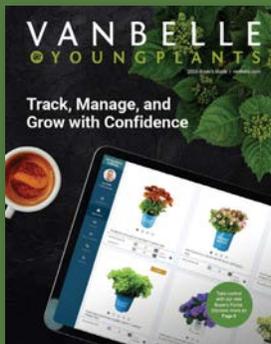

Of course! Contact your rep for the best time to tour—we'd love to host you. See our website, vanbelle.com, to learn more about us.

What is the Buyer's Portal and how do I access it?

Our Buyer's Portal puts everything you need at your fingertips—place orders, track shipments, view and edit billing history, download support materials, and chat with our team. Contact your account representative to get set up.
